

*Terrace of our hotel possessing natural plateau landscapes with a deep horizon from all its rooms, has an excellent view of famous and unique Kümbet Meanders where blue and green meet and almost dance.*

*A unique plateau experience nested with clouds*

Our hotel is the indispensable address of the nature walks with its quite inclined land structure and with its broad plateau painted by colorful wildflowers.

Our hotel offers a perfect nature holiday at the heart of peace being far from the city stress with sheep and lamb sounds echoed in emerald green plateau, its excellent landscape and unique taste of the plateau spring water.

*The meeting point of  
nature and comfort*

#### Location and Transportation

Our hotel is located on Aybastı Perşembe Plateau with an altitude of 1550 that is close to the clouds at the top of Canik Mountains, at the junction point of mild Black Sea climate and Central Anatolia climate.

You can easily arrive our hotel where you start the day with a wonderful plateau sleep being more fit and energetic, through Black Sea coastal road, over Fatsa-Aybastı or over Reşadiye or Niksar from Central Anatolia.
